

2022 Impact - "Investing in our Neighbors"

Statistics - 99.5% increase in homelessness in Wake County since 2020

Dear Members,

It's been a joy and privilege to be part of the RRAR Realtor® Giving Network's (RGN) investment in our neighbors, and to witness the power of collective giving and surge in our community grant program.

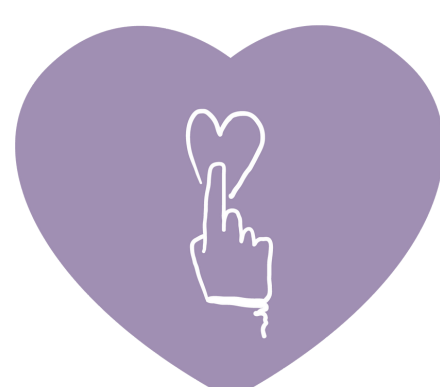

I recently read a quote from Anne Lamott that states, "Gratitude begins in our hearts and then dovetails into behavior. It almost always makes you willing to be of service, which is where the joy resides."

This quote resonates with me as this has been my experience serving as RGN Board President. I've witnessed the wild abundance that Realtors® have for making HOME a reality for all our neighbors.

As we wrap up 2022, I am grateful for ...

- Over 725 generous Realtors® and industry partners who have invested in RGN
- The many committed Realtors® who have volunteered with local housing nonprofits
- An engaged Board of Directors who have elevated fundraising totals and brand awareness
- The wonderful and talented RRAR Staff who have marketed RGN to members

Testimonials:

"When walking into my furnished home, I felt hugged with love, safety, and peace. At that moment, I felt I hadn't ever experienced being without a home of my own, didn't have the fears of being homeless again." – Client, The Caring Place

"Equipped to work from home... Shaquel has furniture for a workspace in her apartment that allows her to be productive and provide for her family. Access to space that is conducive to getting work done is crucial to helping families regain financial independence." – Case Manager, Family Promise
